2 Introduction

This document provides “How to Instructions” for the component “Product Info Table”. This component is intended to be used on Solution Detail pages.

2.1 Short Description

Product Info table is used to compare the Product Features and different plans on Solution Detail pages. This includes options to include Download File options.

Feature Overview

Simplified RTE and RTE – provides option to include Category title and copies

Read More CTA – provides option to expand/collapse rows when there are 3+ rows

Download File – provides option to Download PDF files

Following rules are enforced:

- Table will include a maximum of 10 rows
- Once expanded, Table stays expanded and cannot be collapsed
- Restrict the Author to use 3-4 Columns only

Tablet/Mobile

- On Mobile/Tablet, user will end up scrolling away from the row titles to see the entire Table content
